

## 2013-14 MHS Course Counts with Averages

Legend:

H – Honors

HH – High Honors

AP – Advanced Placement

CSJ – Center for Social Justice

CGI – Civics and Government Institute

BP – Big Picture

ICR – In Class Resource

STEM – Science, Technology, Engineering and Math

Res – Resource Pullout

Special Education information is reflected in the SE column of the spreadsheet. Special Education data is fluid throughout the year because students exit and enter Special Education based upon the quarterly review of the goals and objectives in their Individual Education Plan (IEP).

If "ICR" does not appear in the **CLASS** description column, then the students in the **SE** column do not receive ICR support.

In Class Resource (ICR) classes will appear with a slash to indicate the number of students who are classified as special education students as well as the number of students whose IEPs indicate that they need specific support within that class.

For Example: **2/9** means that **2** of the **students are classified as special education** students and **do not** need support in the class while **9** of the **students receive IEP driven support** within that class.
